

Milestone Military Accelerated Programme

MAP your career with Milestone

The UK's no. one highways maintenance provider by road kms.

Build a new career and transition to civilian life with Milestone's Military Accelerated Programme (MAP).

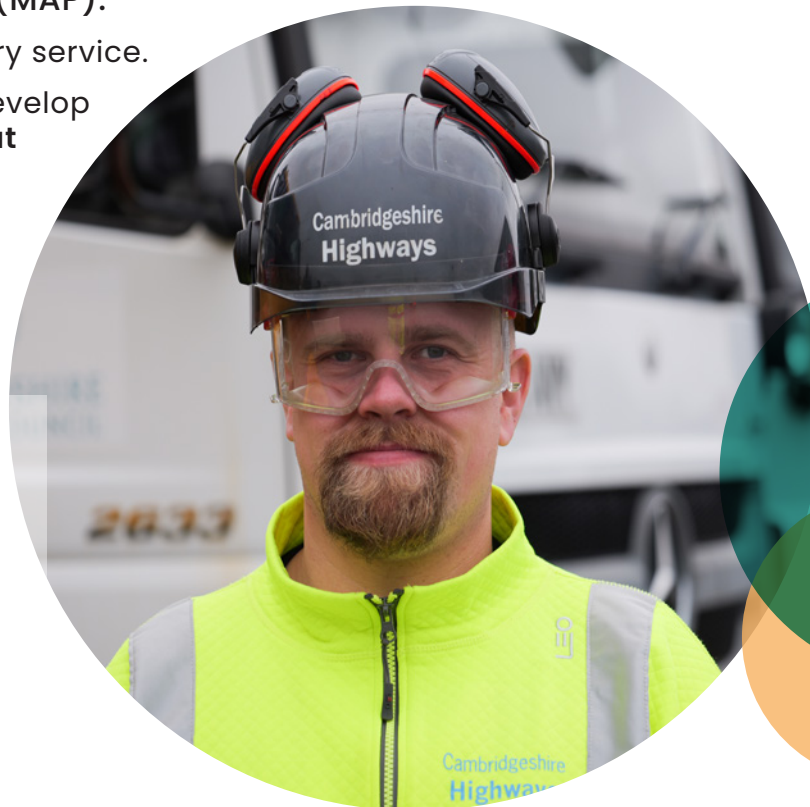

We value the skills acquired in military service.

We will help you use these skills to develop a rewarding new profession – **without taking a drop in pay.**

MAP offers free training and on-the-job mentoring to enable you to fast-track a career in highways infrastructure maintenance.

"MAP helped me bridge the gap between leaving the military and starting a new career in civvy street"

Christopher Baker, Milestone
Highways Supervisor
12 Years' Service
1 Royal Anglian Regiment

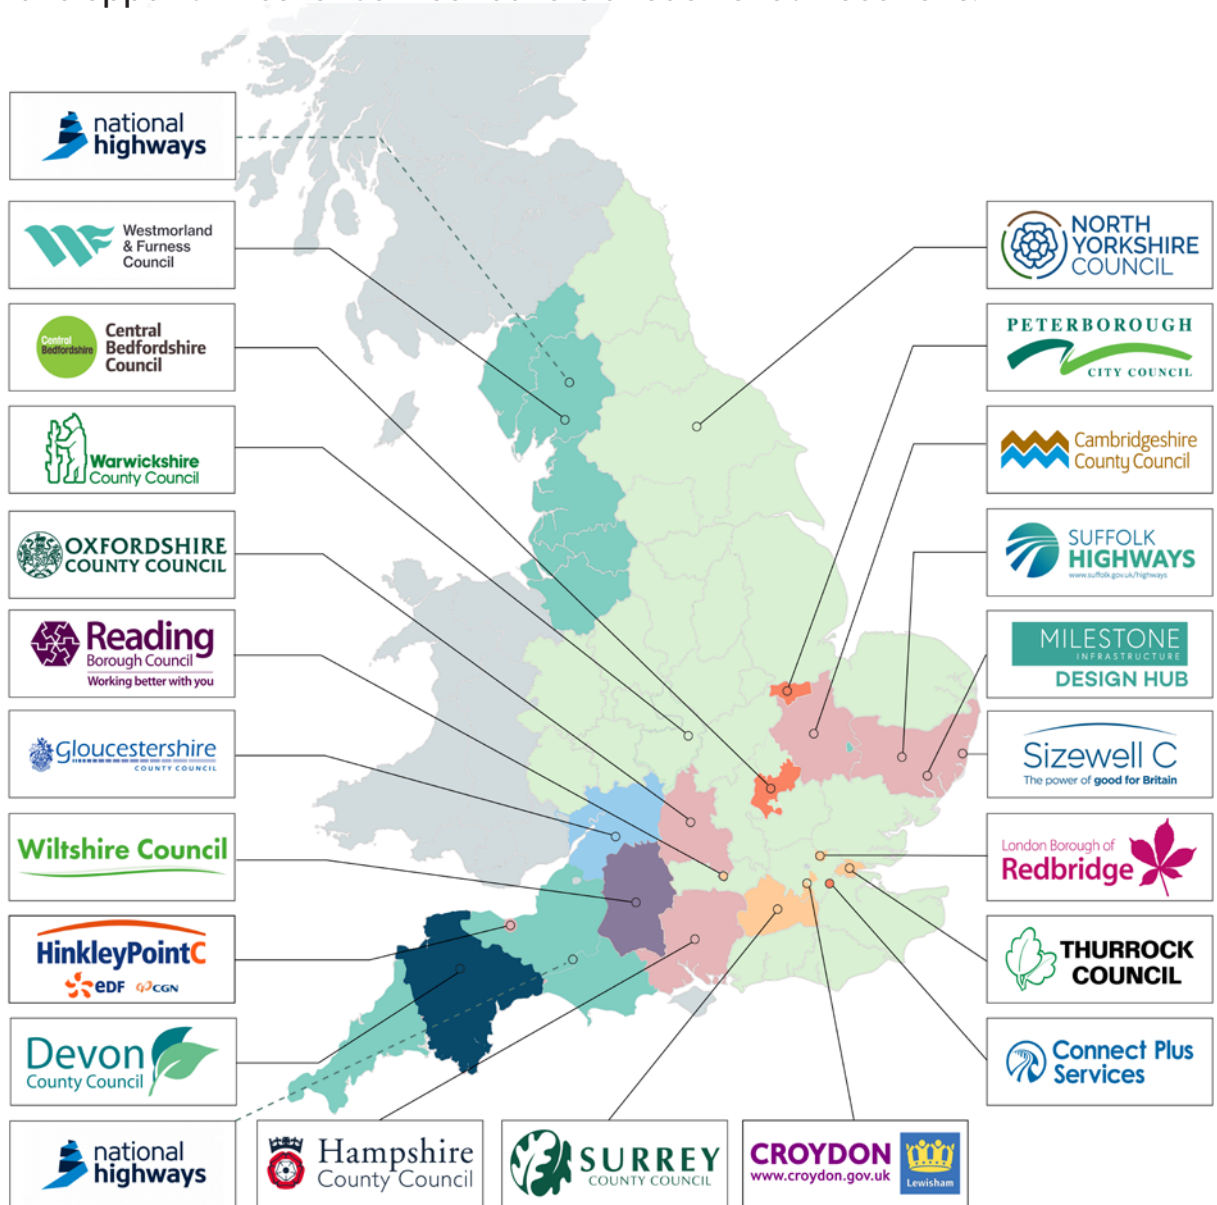

About Milestone Infrastructure

Milestone Infrastructure delivers highways infrastructure services and large civil engineering projects across the UK. We're part of M Group Services, the leading essential infrastructure services provider, employing over 10,000 people in the water, energy, transport and telecoms sectors, at 240 locations across the UK and Ireland.

Where do we work?

Milestone looks after 48,000 miles of roads, 300,000 streetlights and 20,000 miles of footways across the UK.

We have opportunities for Service Leavers at each of our locations.

KEY: Contract Type

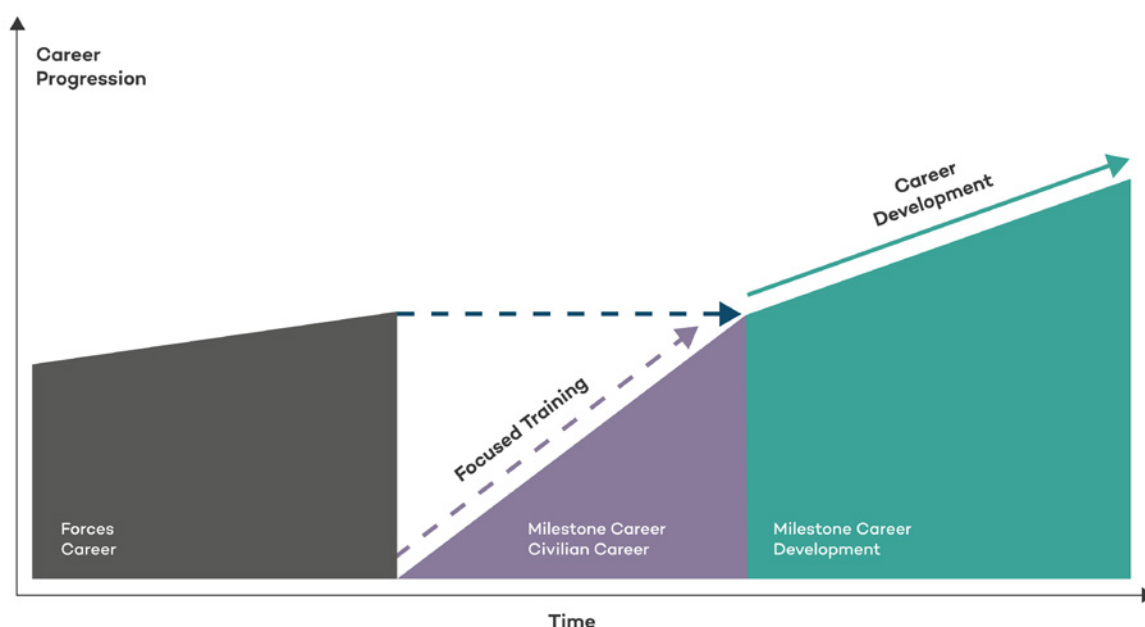

- Highways
- Street Lighting
- Highways & Street Lighting
- National Highways
- Civils Frameworks
- Highways, Street Lighting & National Highways
- Highways & National Highways
- Street Lighting & National Highways

Why choose MAP?

Get paid the market rate for a fully trained and experienced highways and infrastructure professional – from day one.

We recognise Service Leavers' potential to succeed in a completely new role following a period of training and on-the-job mentoring.

Under MAP, we provide a free development package tailored to you to help you thrive in your new role and fast-track your career progression.

More benefits of MAP

- Structured career progression – and the chance to try different types of work and roles.
- Secure and stable employment, great salary and benefits
- Support to help you transition to civilian life, with the camaraderie of lots of other ex-military colleagues.
- 1-to-1 mentoring to help you develop the technical skills for your role **and** transition to civilian life.
- The opportunity to work outdoors with challenges to stretch your mind and body.
- Team-working that makes a positive difference to your local community.
- Apply the valuable skills you gained in the armed forces in a rewarding new role.
- Diverse roles available at locations across the UK.
- Part of M Group Services, an Armed Forces Covenant Gold Award employer.

How to apply

MAP looks beyond your current industry qualifications and experience to focus on your potential to succeed.

We value the skills you developed in military life, like leadership, teamwork, perseverance and problem-solving.

As part of the programme, we offer roles and remuneration packages based upon your potential to succeed with us and not solely your current skills and experience.

We then provide you with free training and mentoring to ensure that you can excel in your new role.

Under MAP, Milestone commits to reviewing the CV of every applicant who is an armed forces leaver. We will arrange a call or informal face-to-face meeting to discuss opportunities and suitability for future roles.

If you want to make the best use of the skills you gained in the forces, are a team player with great communication skills and a desire to support your community, we want to hear from you.
